# ABSTRACT

More than just a meme — it's a way of life. Welcome to the world of Hydra Inu!

We didn't just create Hydra Inu to be another meme token. We birthed it with a grand vision of becoming a decentralized meme project with a meaningful purpose.

Our mission at Hydra Inu is to bridge the gap between cryptocurrency enthusiasts and the mainstream world. Unlike older projects, we're all about introducing our holders to NextGen concepts. Think yield-bearing NFTs, the magic of frictionless token yield, and our commitment to real-life charitable endeavors.

Join us on this paw-some journey!

# INTRODUCTION

FIRST MEME-UTILITY TOKEN ON HYDRA

Hydra Inu, the trailblazing, community-fueled, charity-minded, and totally dogetastic meme token on Hydra Network.

We're here to claim our title as the "DOGECOIN" of Hydra, making our mark as the ultimate meme mascot in this fantastic space.

Inspired by the pawsomeness of Floki Inu and Shiba Inu, Hydra Inu is ready to take a bite out of the charity scene by joining initiatives like dog rescue, making the world a better place for our four-legged friends. Our mission? To bring joy, excitement, and a sense of purpose to the incredible Hydra community. Let's make it a woof-tastic adventure together!

# \$HINU TOKEN

HYDRAINU is a deflationary token on Hydra chain. The max supply is 1 Billion and the key functionality is its built-in burn mechanisms & staking programme with juicy apy.

# TOKENOMICS

HYDRA-INU holders are rewarded for their loyalty through staking. This allocation provides consistent rewards to incentivize long-term holding, with staking APRs designed to encourage participation across various durations.

Our tokenomics are meticulously engineered to enhance market performance and reward our dedicated community. Together, we'll reach for the moon! 🌕🚀

The LP and Burn allocation ensures a robust liquidity pool, enabling smooth trading experiences and supporting token stability. A portion of the liquidity is reserved for periodic burns, creating a deflationary effect that enhances HYDRA INU's value over time.
